

## ADDED LOTS

### 64 HC LUCKY LEAH 408B

X-[CAN]F693018 2014/02/08 Roan KYA 408A Polled

HUBERDALE MASTERCHARGE 42T X(CAN)M456878  
SASKVALLEY LUCKY EDDY 13X X(CAN)M459303  
KENMAR AUDREY X(CAN)640022

EIONMOR HIGHLANDER 70G X(CAN)M467007  
SIX S LEAH 55L X(CAN)\*10101  
SIX S GLORIA 84G X(CAN)\*5908

This female was not included in the sale catalog as she raised a set of twins this summer. I suspected she was bred very late so I decided she could stay here. When we pregnancy tested her, she was one of the longest bred in the herd. She raised 980 lbs of calves this year with no creep and no supplemental feed. She produced a Bluebook heifer calf that brought \$4000 in the Sun Country sale in March 2017.

She has a unique pedigree being an ET daughter of Saskvalley Lucky Eddy 13X who was one of the best beef bulls we ever owned. We lost Eddy before he was able to even breed a cow here, but fortunately we had collected a small amount of semen from him. The dam of Lucky Leah is one of the most prolific donors we ever owned, Six S Leah 55L. Pasture exposed to HC Free Spirit 6Y from April 20 to May 7th. Pasture exposed to HC Bluebook 22B from May 24-July 14/17. Pregnancy tested 5+ months.

HC MYRTLE BO 50L X(CAN)\*12367

ROCKDELL PRIDE 50R X(CAN)\*9236  
HUBERDALE RP JEALOUSY PAR 19R X(CAN)\*14836  
HUBERDALE JEALOUSY PAR 13M X(CAN)\*12122

This cow has been a truly tremendous producer for us, and each and every one of her calves has been in the very top end of the calf crop. She is moderate framed and has a flawless udder. She is easy fleshing and sound in her structure. The Jealousy Par cow family is one of the great cow families in the breed and this female is a fine representative of them.

Pasture exposed to HC Free Spirit 6Y from May 6 to August 3rd. Preg tested 3.5 months pregnant.
